The **IIT Gandhinagar Early-Career Fellowship** (IITGN-ECF) offers young scholars the opportunity to work on exciting challenges or research problems in a creative and interdisciplinary ecosystem. Fellows in the program will have access not only to their assigned department, but to the entire research infrastructure and facility of the Institute, which prizes interdisciplinarity. This fellowship strives to empower exceptional researcher and thought leader in their academic pursuits.

The **Early-Career Fellowship Programme** invites applications from scholars with a consistently outstanding academic track record. Fellows are expected to pursue research with significant impact, expand their networks for collaborative research, student mentoring, external grant writing, engage in transformative projects and missions, pursue entrepreneurial endeavours, etc.

Selected candidates will work with an IITGN faculty member on a well-identified research problem that leads to a significant research contribution through scholarly publications. They are also expected to guide student projects, conduct scholarly activities and attend international workshops. The Fellowship offers promising young scholars **an opportunity to advance their scholarship and academic leadership** with the aspiration of joining the top academic institutions in the country.
