## Student Internship Program

2  
0  
2  
4

A great opportunity for aspiring students to engage and witness Quantum Technology research at IISc. As quantum technology is highly interdisciplinary in nature, we encourage students from science and engineering disciplines (examples of disciplines, but not restricted to Physics, Chemistry, mathematics, computer science, electrical and electronics, nanotechnology, etc.) to apply.

**Application deadline**  
**Thursday, March 21, 2024**

### Eligibility

III /IV-year B.E/ BTech, I/II-year M.Sc./MTech students  
Exclusively for students from Karnataka.

### Duration

4-8 weeks (with appropriate stipend)

### Location

Indian Institute of Science (IISc), Bengaluru
